## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 8-23 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: claims 8 and 20 recite, inter alia, "a method for testing a liquid crystal display panel comprising the step of measuring a distance between the longer sides of the unit liquid crystal display panel while operating the first and second testing bars and a distance between the shorter sides of the unit liquid crystal display panel while operating the third and fourth testing bars." Because of the first to fourth testing bars can measure the distance between longer sides and the distance between the shorter sides of the Unit LCD panel using the gauge built in the first to fourth testing bars, therefore, the troublesome and inconvenient operations such as extracting a unit LCD panel from the production line and moving it to an extra measuring device for testing the size of the LCD panel can be prevented. In addition, the time for testing the size of unit LCD panel can be reduced.

The art of record does not disclose the above limitations, nor would it be obvious to modify the art of record so as to include the above limitations. Although Lee (U.S. 6,590,624) discloses a LCD panels including interconnected test thin film transistors and methods of gross testing LCD panels and Lin (U.S. 6,583,643) discloses a Test device for testing a liquid crystal display (LCD) unit, they do not disclose the above-mentioned limitations.

### Conclusion

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
